We understand that when it comes to your business, you can't trust just anyone. Which is why we take it upon ourselves to be both transparent and approachable when it comes to who we are, and who you are partnering with.

WMW was originally founded by industry leading agents from a top 10 US brokerage. While there, they wore the same suits as all the others, yet something made them different. They realized that the way things were working was essentially profit first. All decisions had little to do with the benefit to the client, and everything to do with the company's profitability.

**And so they decided to make a change.  
A big change.**

The start of WMW was a start to a new way of thinking. WMW leverages the expertise of precise, competent insurance placement and the carrier relationships built through years in the industry, with the ability to make placement decisions based simply on **what's best for the client**. As WMW is not controlled by M&A, private equity, or publicly traded, we are truly an independent firm that does not have to meet a profitability margin to appease investors.

**Simply put: The client comes first. Always.**

We vow to be your partner, who truly keeps you in mind, and always strives to achieve the best possible outcome.

Our Underwriting Narrative is custom tailored with you in mind, and never once do we waver from this goal. We take into account all the facets that makeup who you are, and combined with the services WMW can offer, clearly lay the roadmap of success by defining where you are coming from and competently showing where you are headed.

As our client, you have and always will come first.

## Managed Legal Defense

# We've got you.

In order to give employers a say in the claims process, we collaborate our clients with a specific workers' compensation defense law firm. Our process will always include and consider the risk manager's, brokers and employer's contribution, combined with the best legal practice to ensure a result that everyone can be satisfied with. It is through this that we get radically improved results on litigated workers compensation claims.

We ensure never to generalize. Each claim is reviewed on its own and a plan of action is custom-tailored for that case.

### Solutions to Cover you at Every Step

- Commercial Risk Management
- Employee Benefits
- Personal Risk Management

## Employee Selection

# When you choose us, you're choosing the best.

When it comes to selecting your employees, we can assist in being certain that only the best are chosen. In order to avoid unnecessary interviewing, an Integrity Test program can be conducted beforehand. This is to ensure that no potential personnel run the risk of being involved in any threatening behaviors such as:

- Lying
- Theft
- Drug Abuse
- Susceptibility to Workers' Compensation Injuries
- Alcohol Abuse
- Hostility

This is because when you promise results to clients, we know you mean the very best. Your reputation comes first, and we are here to assist in maintaining that responsibility.

## Our process

# The proof is in the process.

It is through our client's success that we can safely say our process is what makes us different.
